CCR&R

Some of the resources available for check-out to our lending library members.

Our library contains numerous materials. Some components of our library include resource books for parents, curriculum books for teachers, children's books, videos, CD's, theme boxes, puzzles, games, musical instruments, and

much more to utilize at home and in the classroom. We welcome parents and the public into our library with their children. The play area is full of unique toys and furnished with child size furniture. A reading corner is set up with cozy chairs for parents and children. We also have a computer station for children and parents to explore together. We encourage all parents, grandparents, teachers, and local citizens to explore the many resources available to you!
