***on May 4th from 6:00-9:00 pm***

***Their Now is Our Future***

***“High quality education for all isn’t just powerful—it’s possible.”***

Our future depends on our youngest citizens, on how many words they hear in their first months of life, on how often they are held, on the kinds of experiences they have. So, why, when the importance of quality early care and education is so widely accepted, do we continue to fail so many?

***No Small Matter*** is a feature-length documentary film and national engagement campaign that brings public attention to this vital question by sharing powerful stories and stunning truths about the human capacity for early intelligence and the potential for quality early care and education to benefit America’s social and economic future. This multifaceted project reveals how our country is raising its youngest citizens, why making the most of this time in their lives is so crucial, and most importantly, what we can do to change the perception of when learning begins.
